LOCALLY SOURCED, LOCALLY DELIVERED, LOCALLY ENJOYED!

DEAR HEREFORDSHIRE BUSINESSES

We have been developing Local e Sourced over the past 12 months, it was due to be launched later in the year. However due to the extreme measures put in place we have had to bring this date forward to help out many businesses in Herefordshire.

We believe it will offer a lifeline to many local businesses.

As Herefordshire business owners ourselves we know what you are currently going through and as Herefordians we will pull together. Coming under one roof / banner we can get a selection of goods out to each other using a delivery service through a single online local shopping platform, allowing the customer / consumer to have the easiest shopping experience and to have all their favourite Herefordshire products in one place.

Who we are

ABOUT US

We are made up of a local catering company (Field 2 Fork Catering – Katie and Hamish) using links to all their ingredient suppliers and fellow food and drink colleagues whilst teaming up with a Herefordshire born duo digital marketing group (The DM Lab – Chris & Dale)

We are all about offering Herefordshire's amazing products on a single platform to create an easy and enjoyable shopping experience for the customer.

We have a number of Herefordshire businesses signed up to Local e Sourced, and believe it will be beneficial to many others.

The plan is to cover all things Herefordshire, however at this crucial time food and drink will be our starting point.
